If you travel, you most likely will have to deal with flying. Flying is the quickest, most convenient means of travel between different parts of one country. Flying is expensive, but when all costs are taken into account for traveling long distance, air travel is usually less expensive than driving by car. It is also the most economical way to go in terms of time. You'll miss the scenery on the way, but you'll have more available time at your vacation destination with air travel.

Airlines sell seats at a variety of prices under a system of requirements and restrictions. Full-fare tickets are the most expensive, but they give you the most flexibility in terms of making changes. A traveler can buy a full-fare ticket up to takeoff time as long as a seat is available.

如果你要旅行，你很可能必須要處理飛行問題。飛行是旅遊一個國家不同地區最快且最便利的方式。飛行很貴，但如果把長途旅行的所有花費都考慮進來，搭乘飛機通常比開車還要便宜。就時間而言，它也是最經濟實惠的方式。你會錯過沿途的風景，但是搭乘飛機你會有更多的時間運用在你旅遊的目的地。
