你最喜歡的顏色是什麼？你知道你最喜歡的顏色可以告訴人們你是哪一種類型的人嗎？例如：如果你喜歡黃色，你可能就是一個快樂的人。如果你喜歡紅色，它意味著你總是很活躍。如果你喜歡綠色，它意味著你不喜歡改變。這聽起來很神奇，不是嗎？想想你最喜歡的顏色，也許你會發現關於你自己的一些有趣的事情。

What's your favorite color? Do you know that your favorite color can also tell people what kind of person you are? For example, if you like yellow, you may be a happy person. If you like red, it means you are always active. If you like green, it means you don't like to change. It sounds magic, doesn't it? Think about your favorite color, and maybe you'll find something interesting about yourself.
