牠被氣得沒辦法，就只好笑了。心裡想：有意思的小魚。小魚拿出一個鐵絲編成的空圈，舀了些海水，做成了一面水鏡，然後遞給大魚。牠撇嘴說：「自己看看吧，好寂寞好老的樣子。」牠自己看了看，嚇了好大一跳，的確是，一隻寂寞憔悴的魚。

小魚把鏡子收回去，說：「你一定是經常待在下方的緣故了，要記得經常上來曬曬太陽，像我這個樣子，關於曬太陽我是非常有經驗的，那裡不懂來問我好了。」

新鮮啊！沒聽說曬太陽還有什麼說法，牠想著。「那你說說吧。」

It was so angry, but it had no way just to laugh. It thought in its mind: What an interesting small fish! The small fish took out a hollow circle made of wire, scooped up some seawater, made a water mirror, and handed it to the big fish. It twitched its lips and said, "Look at yourself; you look lonely and old." It looked at itself and was startled. It was indeed a lonely and gaunt fish.

The small fish took back the mirror and said, "The reason must be you stay underneath the sea very often. Remember to come up and bask in the sun. Like me, I am very experienced in basking in the sun. If there is something that you don't understand, you can just come to ask me."

How fresh it is. It thought that it hadn't heard anything about basking in the sun. "Then talk about it."
