### 1090518 大專院校畢業生 中翻英短文翻譯 參考解答

他被我逼急了，忽然問我：「老師，難道你以為我騙你？難道我會做題目，而假裝不會做？」我被他問得啞口無言，除了鼓勵他以後上課要用功一點，還答應替他補習數學，而且當天晚上就開始。這位同學一開始還不願意接受我做他的義務家教老師，可是由於我的堅持，他只好晚上乖乖地在我的督導之下做習題。我發現他其實不笨，只是對數學反應慢了一點，可是由於我每週替他補習二次，他終於趕上了進度，考得越來越好。二個月以後，我就不再管他了。

He was forced by me and became anxious, so he suddenly asked me, "Sir, do you think that I lied to you? Could it be that I can do those school work exercises but pretend that I cannot do them?" I was speechless with his questions. I encouraged him to be diligent in class afterwards; besides, I also promised to give him a refresher with mathematics, and it started that evening. This student was unwilling to accept me as his voluntary tutor at first, but due to my insistence, he had to obediently do exercises under my supervision at night. I found that he was not stupid, but his reaction to mathematics was a little slow. However, because I tutored him twice a week, he finally caught up with the progress and got better and better. After two months, I ignored him.
