台灣有很多流浪狗和貓。這是因為很多人買了寵物，最後卻棄養牠們。這些動物很可憐，牠們突然之間沒了家，餓著肚子遊蕩在街頭。牠們需要家。上星期我們家認養了一隻小黑狗。我們給他取名叫 Golden，牠是我們的新寵物。一開始牠到我們家時，總是很害怕，但是我相信時間久了，牠會開始喜歡我們的，也會喜歡這個新家。

There are many stray dogs and cats in Taiwan. This is because many people buy pets and finally abandon them. These animals are very poor. They suddenly lose their homes and wander on the street hungrily. They need homes. My family adopted a small black dog last week. We named it Golden and it's our new pet. When it first came to our house, it was always scared. But I believe that after a long time, it will start to like us and also like its new home.
