Rick is a friend of mine at school. He got cancer several years ago. From then on, he started eating more vegetables and less meat. He followed the directions that his doctor gave him. Last year, he went to the hospital to get shots every week and took the medicine every day. Sometimes he couldn't eat and drink. He even wondered if he would get well again. He always prayed for good health. One year later, he started getting better and better. Now he is very healthy.

cancer 癌症

direction 指示

瑞克是我在學校的一個朋友。多年前他得了癌症，從那時起，他開始吃較多的蔬菜和較少的肉。他遵循他的醫生給他的指示。去年，每週他都去醫院打針，而且每天吃藥。有時候他不能吃不能喝。他甚至懷疑他是否能康復。他總是祈禱身體健康。一年之後，他開始越來越好。現在他非常健康。
