大部分的攤販提供很多樣的新鮮果汁和其他飲料。新鮮的水果、冰塊和水被放入果汁機中攪拌，直到冰塊被切細為止。有時候他們會加入牛奶來增添乳脂的風味，或者加入蜂蜜來增加甜度。西瓜汁或西瓜牛奶都非常受歡迎，加一點蜂蜜的番茄汁也一樣，但我認為木瓜牛奶是最棒的。

Most vendors offer a wide variety of fresh fruit juices and other drinks. Fresh fruit, ice cubes and water are put into a blender and blended until the ice cubes are finely chopped. Sometimes they add milk to increase a creamier flavor or add some honey to sweeten it up. Watermelon juice or watermelon milk is very popular and so is tomato juice with a bit of honey. But I think papaya milk is the best.
